

**VFW Post 8343
Wind Lake, Wisconsin**

We Need Your Support

The design and permits are completed, and all we now need now are your donations to make the New memorial a reality for our Veterans & all those that would come to visit and reflect on those that have served their country.

The wall will be in an arc, with emblems of all branches of the service affixed to it. There would be flag poles surrounding the wall to match the emblems. They emblems and flags would have lighting reflecting on them at night. There would also be a "Fallen Soldier" statue on a pedestal in front of the memorial. It would be surrounded by a circular wrought iron fence and also be lit at night. There would be a walkway around the memorial made of crushed colored stone. There would also be some benches in place representing our Veterans.

This is our dream here in the small town of Wind Lake, Wisconsin. We are not a very large VFW Post, but we have members who have served in WWII-Korea-Vietnam-Desert Storm-Iraqi & Enduring Freedom. We do not at this time even have a building of any sort to use as a Post, so we meet at a local bar. That is why it would mean so much to all of us to have this memorial built. We do own the land on which the memorial would be built. And maybe not in our lifetime, but possible our newest Veterans will be able to raise funds to finally build a pole building so we may one day have a place to call "Wind Lake VFW Post 8343"

We are asking for your support for our memorial, and in turn we would be honored to be able to Thank You by placing a plaque on or adjacent to it with the name or names of the business' or individuals who donated the funding to make it a reality.

From all of the members of Wind Lake VFW Post 8343

Thank You
